To Whom It May Concern

I am pleased to recommend Mobile Imaging & Scanning Solutions Inc , especially Tony Gioulis

M I S Inc converted hundreds of our files to CD-ROM These files included board minutes, employee files, capital asset files, financial records (including bank statements) plus a lot of miscellaneous files

M I S Inc completed the work and delivered our CDs in record time Tony installed the program software for viewing the records He and his staff instructed us throughout the process Tony and his staff are very professional and courteous

Chapel Hill Country Club is very pleased with the results and recommends Mobile Imaging & Scanning Solutions Inc without reservation

Sincerely,

Jean O'Daniel
Controller

The Chapel Hill Country Club, Inc
