

BRACKETT C O M P A N Y

To Whom It May Concern:

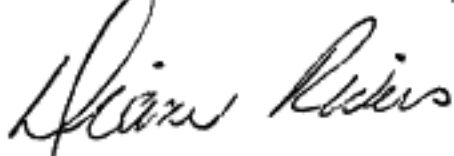

It is our pleasure to recommend the services of Mobile Imaging & Scanning Solutions, Inc. of Charlotte, North Carolina.

We recently selected Mobile Imaging to upgrade and enhance our software and hardware applications and install a new NT server. We chose MIS, Inc. over other vendors because of their ability to support, install and service equipment within our specifications. In addition, their technical people provided a knowledgeable resource relating to computer needs for the future growth of this location.

We highly recommend their services. Please feel free to call us if you require additional information or have questions about the services they performed.

Sincerely,

BRACKETT COMPANY, INC.
